# Disposable ECG electrodes

Developed by  
**Association for the Advancement of Medical Instrumentation**

Approved 13 May 2000 and reaffirmed 24 August 2010 and 30 December 2015 and 9 October 2020 by  
**American National Standards Institute, Inc.**

**Abstract:** This standard contains minimum labeling, safety, and performance requirements; test methods; and terminology for disposable electrocardiographic (ECG) electrodes.

**Keywords:** disposable electrodes, ECG monitoring, pregelled, nonpolarizing, electrode system

## AAMI Standard

This Association for the Advancement of Medical Instrumentation (AAMI) standard implies a consensus of those substantially concerned with its scope and provisions. The existence of an AAMI standard does not in any respect preclude anyone, whether they have approved the standard or not, from manufacturing, marketing, purchasing, or using products, processes, or procedures not conforming to the standard. AAMI standards are subject to periodic review, and users are cautioned to obtain the latest editions.

**CAUTION NOTICE:** This AAMI standard may be revised or withdrawn at any time. AAMI procedures require that action be taken to reaffirm, revise, or withdraw this standard no later than five years from the date of publication. Interested parties may obtain current information on all AAMI standards by calling or writing AAMI.
