Part 5: Platform and platform-based containers

## National foreword

This British Standard is the UK implementation of ISO 1496-5:2018. It supersedes [BS 3951-2.5:1992](#), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee TW/1, Freight containers and swap bodies.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
