

BSI Standards Publication

**Rubber, vulcanized or  
thermoplastic —  
Determination of  
tendency to adhere  
to and corrode metals**

### **National foreword**

This British Standard is the UK implementation of ISO 6505:2015. It supersedes BS ISO 6505:2005 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/22, Physical testing of rubber.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
